

Fox Senior High School Athletic/Activity Programs are rich in tradition and success. From individual and team state championships, district championships, and conference championships; or national recognition, regional recognition, state recognition, and local recognition our programs work extremely hard and take pride in representing our school. We are very proud of all of our programs and how they strive for excellence in academics, competition, character, and life. It is our goal to help participants excel as a member of the Fox Warrior Athletic/Activities Family.

Get involved. Extracurricular activities can and will provide you with opportunities and open doors to success. I am excited for you and our Athletic/Activities staff as we embark on a new season. The road will not be easy, you will face adversity, but hopefully you will have fun and learn valuable lessons from your experiences. Albert Einstein wrote, "In the middle of difficulty lies opportunity." Please understand that commitment and dedication are important attributes in representing yourself, team, school, and community. Take pride in who you are and the school you represent. Accept the challenge of being a Warrior. Commit to the process of success.

Congratulations on your decision to take part in the Athletic/Activity Programs offered here at Fox High School. Good luck in everything you choose to do. Our school and community look forward to watching you compete and sincerely hope our programs will help promote and develop you physically, mentally, emotionally, and socially. GO WARRIORS!
